LANGHE DOC NEBBIOLO 2020

Some of the grapes used for this Langhe Nebbiolo come from the young vineyards used for the production of the most renowned wines.

The Langhe Nebbiolo is enjoying increasing success as it brings consumers closer to an important grape variety, enabling them to appreciate its fine attributes and giving a glimpse of what one can discover in a great wine.

The production of Nebbiolo on this perfectly suited land in terroir defines the unique qualities of this young, fresh and fragrant wine which is exuberant on the nose with a soft and silky tannin.

The nose is clean, very fragrant, of considerable breadth and complexity. Notes of violet stand out in the bouquet. Like every self-respecting Nebbiolo, it has a constantly changing perfume.

On the palate it is appreciated a rounded tannin with a good quantity of alcohol and a fresh but contained acidity. Each sip is an explosion of taste, an elegant and balanced combination. It Expresses the character of the grape in its area of choice.

A satisfying wine, to which is not denied a second glass, with a persistent finish and a nice recall of the fruit.
