Steel vats aging
with a brief passage in barriques

→ **Temperatura di servizio:**
16/18 °C

LANGHE DOC TIRADÒSS 2021

This wine from the Langhe appellation, as down to earth as those who work in the vineyards, mirrors the best characteristics of each of the wines of which it is composed, extracted from grapes which on these hills mature in a remarkable way and whose must is a concentration of fruit and colour.

This wine displays such an intense red that it appears to be purplish. The nose is rich with fresh aromas, delicately fruity and floral like violets.

It has a red color so intense as to appear purple. The nose is rich of fresh, delicately fruity and floral sensations of violet.

An austere wine, but soft and round, of medium structure and very balanced. The juicy and fragrant fruitiness blends with the rustic power and elegance giving rise to a wine of more immediate maturity.

To share in good company.
